MONEY WHICH IS
BETTER SPENT ON
OTHER TOWN "NEEDS".

This entire process is biased toward development of an urban park, which is both not needed and inappropriate for Sunset Beach.

The administration and council should have worked through the park design either before or immediately after purchase of the property.

Let the citizens of Sunset
utilize this space in a low impact
facility. Walking, sitting, viewing, visiting
gathering with neighbors, to enjoy
the outside.

Park Comments

I believe the park should be left in its natural state as much as possible. As it is now, it is a great place to view deer, wading birds and other wildlife. I would hate to see that disrupted. I'd like to see hiking trails and a few benches and picnic tables, but NO grills. Perhaps 2 or 3 swings like they have in Vereen Park over looking the intracoastal would be nice. I would also like to see a non-motorized boat launch.
