Subject: Resolution of Support - Creation of NC Coastal Caucus

As mentioned in the minutes of the December Coastal Managers Meeting, attached please find a resolution that can and should be adopted by your governing body at your January meeting in support of creation of a bi-partisan Coastal Caucus, made up of members of the NC General Assembly representing coastal North Carolina.

Once adopted, please return a copy to me and also send it on to your Senate and House representatives in Raleigh.

Thanks for your consideration and support.

Harry Simmons
Executive Director
NC Beach, Inlet & Waterway Association
