

# TOWN OF SUNSET BEACH

## TOWN COUNCIL AGENDA ITEMS

**MEETING DATE:** January 9, 2012

**AGENDA ITEM NUMBER:** 8.c.

**SUBJECT:** Consideration of Coastal Resources Commission Nominations

**SUMMARY OF INFORMATION:**

All 20 coastal counties receive this request for nominations as we did two years or so ago. Our selections was not chosen then. They are looking for nominees who either fit the category of coastal engineering or at-large. As you saw from the duties and responsibilities, the person must be willing to donate the time required to carry them out. There are 5 two-day meetings a year, and of course there is time that must be devoted to learning about the matters that the CRC addresses. The person must reside within the coastal area but need not be a resident of the county from which they were nominated.
