Re: CAMA Major Permit Modification (Permit 79-19)
Maintenance Dredging of South Jinks Creek, the Bay Area, & the Feeder Channel
Sunset Beach, NC

Dear Ms. MacPherson,

On behalf of the Town of Sunset Beach, please find enclosed a CAMA Major Permit modification for permit 79-19 for the above referenced project. The permit package includes information in support of authorizing nearshore placement of beach compatible material dredged from south Jinks Creek. In accordance with NCGS 113A-12(6), the proposed project is considered exempt from the requirement to prepare a State environmental document. Please note, the application fee of \$475.00 will be provided under separate cover from the Town.

We appreciate the Division's assistance and guidance in preparing the enclosed application and look forward to a favorable review. As the authorized agent for the Town, please feel free to contact me if you have any questions or need additional information.

Sincerely,
MOFFATT & NICHOL
