Subject: NC Beach and Inlet Waterway Association - Board of Directors

NCBIWA Member – at the request of Chairman Leutze and per NCBIWA’s bylaws, a nominating committee consisting of five NCBIWA Board of Directors, was developed to identify members interested in serving on the NCBIWA Board. NCBIWA is on a positive growth curve and would like to diversify membership to all those working on coastal issues related to beaches, inlets and waterways. Our Board members serve to further the mission of NCBIWA:

“Our mission is to work on behalf of North Carolina's coast, and those who love it, by seeking to encourage government action and funding, educate and advocate for effective Federal and State policy, and facilitate environmentally sound scientific and engineering solutions for our threatened beaches, inlets and waterways.”

If you are interested in serving on the NCBIWA Board, please send me (dyork@dialcordy.com) your name, a brief bio and your residing location (County) by next Wednesday, September 20th. Please pass this announcement to those you think may be interested to ensure it reaches a wide audience. Additional information on NCBIWA can be found at <http://www.ncbiwa.org/>.

Thank you for your time and consideration,

Dawn
Chair of the NCBIWA Nominating Committee
