

STAFF REPORT

Meeting Date: June 30, 2014

Agenda Item #: 8f

TO: Mayor and Town Council
FROM: Sandy Wood, Director of Building Inspection
THRU: Susan Parker, Town Administrator
TITLE: 39th Street Emergency Access

Summary: The Council requested Town Staff to provide information concerning the construction of an emergency access located at 39th Street beach access. At the time of budgeting for this project staff had not received the engineering plans.

After further review, the engineering plans and CAMA concerns resulted in an additional 150 feet of ramp as well as 158 cubic yards of sand in order to allow emergency vehicles ease of access.

Recommendation: If Council wishes to proceed with this project, an additional \$75,000 will need approval above the original \$60,000 that was originally proposed. This will bring the total estimated project cost to \$135,000.
