

# TOWN OF SUNSET BEACH

## TOWN COUNCIL AGENDA ITEMS

**MEETING DATE:** August 6, 2012

**AGENDA ITEM NUMBER:** 5a

**SUBJECT:** Pier Head Alignment

**SUMMARY OF INFORMATION:**

The attached letter from Sammy Varnam requests a uniform pier head alignment for the feeder canal off of Jinx Creek. This request is for the area of that man-made canal from Cobia Street eastward to lot 37, as indicated on the surveys that we received.

The request for this pier head alignment is in order to maintain conformity. It will eliminate the different offsets that may be required by normal CAMA permitting, meaning that with Town approval of this proposed uniform pier head alignment all piers would go to the edge of the channel as depicted on that survey. Note that the pier head alignment, otherwise, will have to conform to the least stringent requirement enforced by CAMA.

Following that CAMA rule would result in piers of varying lengths reaching out into the canal as depicted on the attached Marlin Street example. We have attached a proposed ordinance drafted by the Town Attorney that would establish this proposed uniform pier head alignment.

**TOWN ADMINISTRATOR'S RECOMMENDATIONS OR COMMENTS:**

TOWN ADM: ( x ) DEPT. HEAD ( )
