

# TOWN OF SUNSET BEACH

## TOWN COUNCIL AGENDA ITEMS

**MEETING DATE:** October 3, 2011

**AGENDA ITEM NUMBER:** 4c.

**SUBJECT:** Consideration of Draft RFQ for Engineering Firm to do Parking and Traffic Study

**SUMMARY OF INFORMATION:**

Attached is a draft RFQ for the traffic and parking study on the island. I took a model from another community that did such a study in its downtown area and tweaked it for us. One of the items they are asked to consider in the scope of work is a two-level parking facility at the Gazebo Lot. That may, or may not, be acceptable to the community or financially feasible, but may be something we want to look at. Examining the feasibility of a round-a-bout is also required as is mainland parking and a shuttle service.
