TOWN COUNCIL AGENDA ITEMS

MEETING DATE: December 3, 2012

AGENDA ITEM NUMBER: 7a.

SUBJECT: Possible NCDOT Abandonment of Sunset Blvd and Main Street on the Island

SUMMARY OF INFORMATION:

Anthony Law, DOT District Engineer, will discuss the idea of NCDOT relinquishing Main Street and Sunset Blvd on the island to the Town. If this is done, which is done by the Town requesting that DOT abandon those rights-of-way, then the Town has control of what is done in them and also has responsibility for their maintenance. The latter would be quite costly in the first resurfacing of Main Street which will require significant cut and patch work prior to resurfacing unless DOT does that work prior to relinquishing Main Street. Thereafter, we would have built up some Powell Bill funds to take care of the work because it would be another 15-20 years before another resurfacing was necessary, and some of our annual PB receipts wouldn't be used and would go into the reserve funds.
