Dear Mr. Neal:

This letter is in reference to your application for a Coastal Area Management Act Major Permit on behalf of the Town of Sunset Beach to undertake development activities which includes a request to dredge South Jinks Creek, the Feeder Canal, Bay Area, and the Finger Canals in Sunset Beach, Brunswick County, North Carolina.

Although processing of the application is nearing completion, additional time is needed for this office to complete the review and make a decision on your request. Therefore, it is necessary that the standard review time be extended. An additional 75 days is provided by G.S. 113A-122(c) which would make **December 24, 2019**, the new deadline for reaching a decision on your request. However, we expect to take action prior to that time and will do so as soon as possible. In the interim, should you have any question on the status of your application, do not hesitate to contact me by phone (910-796-7426) or e-mail (courtney.spears@ncdenr.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "Courtney A. Spears".
