Homeowners May Soon Realize A 15% Flood Insurance Discount

SUNSET BEACH, NC – The Insurance Services Office (ISO) has announced that the Town of Sunset Beach will be receiving a lower Community Rating System (CRS) rating. The Town of Sunset Beach currently has a CRS rating of eight, which affords property owners a 10% discount on flood insurance premiums. The new CRS rating of seven will provide an additional 5% discount on their premiums; totaling a 15% total discount. This new rating will be finalized this October.

“I am pleased to see that staff’s hard work in providing detailed information has resulted in a cost savings for our community”, said Mayor Ron Watts.

The Town participates in the National Flood Insurance Program (NFIP) which provides Federally-subsidized flood insurance. The Town voluntarily participates in the CRS; a program which requires the implementation of additional educational, construction, and administrative requirements. The Town receives discounts on its flood insurance premiums with the implementation of these requirements.
