Life Threatening Situation – Hurricane Notification of Next-of-Kin

You have reported to the Sunset Beach Police Department that you refuse to evacuate your residence within the Town limits as required under Town emergency operation plans. You are hereby officially notified that when the bridge to the island is closed to outgoing and incoming traffic and the island is considered to have been “evacuated” in consideration of the emergency and until after the emergency has passed that:

- **There will be no emergency medical response to the island in any way**
- **There will be no response to a house or other fire**
- **There will be no water or sewer service available**
- **There may be no electric power or telephone service**
- **And there will be no way that you will be evacuated during the emergency so long as the bridge is closed.**

In short, you will be alone to survive as best as you can – on your own.

So we may notify your next-of-kin in the event of your death or serious injury as a result of the hurricane, you are asked to complete the form below.
