

## Notice to the Public

**Sunset Beach Residents, it is time to stand up and be counted! It is crucial to complete your 2020 Census.**

The information collected in the 2020 Census helps determine how federal dollars flow into our Town each year for the next decade. That funding shapes many different aspects of our community, and helps to keep your tax rate lower.

This information assists with grant applications, eligibility for resources and funds from FEMA, and contributes to monetary contributions based on population. Census results affect planning and funding for healthcare—including programs such as Medicaid and Medicare Part B.

A complete census helps every level of government make decision that will affect our community. The more complete and accurate the information, the more secure Sunset Beach will be.

### **Welcome to the 2020 Census**

It's quick and easy. The 2020 Census questionnaire will take about 10 minutes to complete.
