New Business

Addition of New Business Agenda Item A; Mixed Use District (MUD) Subdivision Request. Hiram proceeded to explain the need for this agenda addition. The developer of the MUD wants to dedicate the lakes and roads in the MUD to the Properties Owners Association. The subdivision as a whole has long been approved. Hiram proceeded to say that in Article 13 of the UDO, all subdivisions have to have the approval of the Planning Board.

After some discussion, Len and Noelle expressed concerns that the POA and the General Public do not have knowledge in regard to this action. The consensus was to put this item on the November 2 agenda to give time for public notice. The developer representative Dave Stuart will be made aware of this and the Planning Board would like Davie Stuart to be present so they can ask questions.

Administrative Items

a. Director and Staff Comments

Hiram informed the Board that as of 2005 the Consistency Statements are to be read into the minutes. He further explained how the law reads and what it means to the Town from a procedural standpoint.

Adoption of the Land Use Plan is still working through its review process by Town Council. The hope is that it will be adopted in November.

Pelican Square started improvements on its property, however, the work was started without permits being issued so they have had to stop until all the proper permits are issued. The landscape plan they submitted meets or exceeds the UDO requirements. The developer is actively working to get new tenants in the building such as a pizza restaurant and a bagel shop.

Town Council denied the request to change the density in the BB-1 Zoning District. In the meantime, an application was submitted by a builder to construct a duplex on 27th Street.

The application was denied as the plans that were submitted were for a quadruplex instead of a duplex, as well as other design issues.
