Storm Water Worksheet

Project Address: _____

Total lot area (sq.ft.) _____ 30% of lot area (sq. ft.) _____

House, garage, shed including overhangs (sq. ft.) _____

Driveway, sidewalks, and patios (sq. ft.) _____

Other impervious surfaces (sq. ft.) _____

Total square footage of impervious surfaces _____

Does the total impervious surface (s) exceed 30% of the total lot area? Yes No
(More than 30% impervious area requires an engineered solution to be submitted with application)

Calculate impervious surface as follows:

$$\% \text{ Built-Upon} = \text{Built Upon Area} \div \text{Total Project Area} \times 100$$

$$\% \text{ Built-Upon Area} = \underline{\hspace{4cm}}$$

Stormwater Collection System

Please provide a detailed description of the collection system indicated

Infiltration / Collection / Vegetation / Innovative

Certification

I, _____ certify that the information included on this submittal form is correct, that the project will be constructed in conformance with this information, and that to the best of my knowledge, the proposed project complies with the requirements. I hereby affirm that I am the property owner, or authorized agent representing the property owner for the specific property for which this permit application is being made.
